

WELCOME
to the Photo Gallery
DigitalTree-Net (DT-NET)
containing over 1300 photos
on Oral Medicine and especially
Oral Mucosal Lesions

You may get free access to the photos and you are free to use them for lectures, seminars, etc., provided that you have

1. Entered the web site www.oralmedicine.se
2. Clicked on Photo Gallery
3. Registered as New User

After opening the DT-NET, you may choose a (click on one) Category, such as *diagnosis, description, colour, location/site*, etc. or any combination of categories.

IMPORTANT: Just **click ONCE** and **WAIT** (it will take a few seconds). In order to display all categories, e.g diagnosis, just scroll down.

Tony Axéll

*We hope that you
will enjoy DT-NET*

Jørgen Mølbach

Please, read next page for further instructions!

Please note that DT-NET is a first version and is so far distributed primarily for testing purposes.

Oral Mucosal Lesions

Axéll, Mølbach

After you have clicked for e.g. diagnosis, another category or a combination, proceed as follows:

Read the following **CAREFULLY**

1. Double click on the photo (thumbnail)
2. Full size photo will appear
3. The heading will describe the photo
4. Copyright and, if applicable, courtesy will appear
5. "Standardized" treatment modalities will appear
6. Right-click the photo to make a copy

If you want to return to the overview, click on "Close"

If the icon "Image series" appears below the photo in the overview, click and

1. A series of photos will appear
2. Information on "standardized" treatment modalities will appear at only ONE of the photos, normally the initial photo in the series

Feedback, comments, etc. are most welcome on
tony.axell@telia.com and/or jorgen@prestogo.com
